UNSURPASSED OPTICS for the ARRIFLEX 16

Arriflex 16 offers the *widest selection* of the finest lenses. The selection keeps growing —because the *world's most successful portable professional motion picture camera* inspires the greatest efforts of the world's foremost optical firms. Every lens in the Arriflex 16 system adds to this remarkable camera's rare versatility... from the 5.7mm extreme-wide-angle to the longest telephotos, the zooms, and the macros.
